Do you agree with the proposal to combine the Competencies for all five divisions of registration into one document?

Yes

(Yes, No, Partly, Do not know)

Please give a reason for your answer:

There are parts where what is mentioned for Dentist's which is relevant to that of the other oral health related disciplines. I.e. that of OHT, Dental Hygienists, Dental Therapists. On page 18 'early intervention' is mentioned for Dentist's but not the other disciplines this is relevant to be applied for the others in addition. On page 19 there should be more clarification surrounding indirect restorative treatments. Due to the fact that this may be relevant to OHT's and DT's due to their scope including the selection and placement of Stainless Steel Crowns; an indirect restorative method that is slightly encompassed in minimally invasive section however does require clearer and more discipline specific wording.

Do you have any comments on the format or structure of the draft Competencies?

As mentioned in previous questions

(Yes, No, Partly, Do not know)
